

DIRECTOR OF CENTRAL INTELLIGENCE DIRECTIVE NO. 1/3
PRIORITY NATIONAL INTELLIGENCE OBJECTIVES

QUARTERLY SUPPLEMENT

(Effective 7 October 1966)

FOREWORD

DCID No. 1/3, revised annually, is intended to serve as a stable basis for long-term intelligence planning by identifying the most critical intelligence problems deemed likely to persist over the next several years. Such guidance must necessarily be expressed in relatively broad terms.

The purpose of this Quarterly Supplement is to provide more current and specific guidance within the context of DCID No. 1/3, by calling attention to elements in the world situations which, within the next six months or so, may require some adjustment of present intelligence attention and coverage. The Supplement is intended to guide short-term intelligence planning by anticipating changes in specific situations which may justify some augmentation of effort. This Supplement excludes situations or questions which are already explicitly listed in DCID No. 1/3 as being of high priority. It supersedes all previous Quarterly Supplements.

It is not the function of this Supplement to present a complete listing of all matters of high intelligence interest. Like DCID No. 1/3 itself, the Supplement presupposes that the bulk of the intelligence required for the formulation and execution of national security policy will be the product of normal coverage pursuant to DCID No. 1/2.

This Supplement will be superseded by another in January 1967.
